ALABAMA AT BIRMINGHAM

Overview Report

2020-12-07

Ziyad Allehaibi, zlehaibi

Terry Edwards, tedwa98

Ben Whalin, vaeca21

Elijah Rose, elirose

Mentor: Gregory Myers (gmyers), gmyers

Instructor: Abdollah Mirbozorgi, samir

Abstract

A Home Health Monitoring System to encourage extensibility of monitoring devices in care-at-home applications.

A Home Health Monitoring System to encourage extensibility of monitoring devices in care-at-home applications.

Table of Contents

Introduction

To my understanding, you can more or less copy and tweak your project proposal to add to this section, depending on how much detail you went into in that report.

Note the major concerns of this section: * Introducing the problem * Background Research * Discussing briefly alternative solutions[1] * Overview of your potential solution

Depending on your writing, may want to split these into headers, or tie them together in a single section.

Project Description and Goals

Design Process

Methods

Decision Tables

Design Tables

Input Table

Output Table

Timeline

Software Simulation

Cost Analysis

Individual Tasks
